

Thursday, December 4th, 2008

13.00

Registration

17.00 - 17.30

Opening Ceremony

Prof. Dr Svetozar S Damjanović, president of Endocrine section - Serbian Medical Society
Prof. Dr Bogdan Đuričić, member of SASA, dean of Medical faculty University of Belgrade
Prof. Dr Vojkan Stanić, President of Serbian Medical Society
Doc. Dr Đorđe Bajec, Director of Clinical Centre of Serbia
Prof. Dr Tomica Milosavljević, Minister of Health

Prof. Dr Alevizaki M. (Greece), ESE representative

17.30 - 18.15

Plenary lecture

Action Potential Secretion Coupling and Uncoupling in Anterior Pituitary Cells
Stojilković S. (USA)

Chairs: V.Popović, S.S.Damjanović

20.45

Welcome Reception

Friday, December 5th, 2008

08.30 - 09.15

Plenary lecture

Estrogen Receptor Beta as a Potential Target in the Treatment of Prostatic Cancer
Gustafsson JA (Sweden)

Chair: S.S. Damjanović

09.20 - 11.20

Symposium 1 - Neuroendocrine Tumors

Moderator: S.S.Damjanović

09.20 - 09.50

Clinical and Molecular Genetics of Adrenocortical Tumors Associated with Cushing's Syndrome and Related Disorders - Stratakis C. (USA)

09.50 - 10.20

A Systematic Study on Paragangliomas-Germiline Detection in the SDHx Genes in Germany
Neumann H. (Germany)

10.20 - 10.50

Endocrine Tumors: The Role of Genetic Screening - Damjanović S. S.(Serbia)

10.50 - 11.20

Surgical Treatment of Adrenal Gland Tumors - Paunović I. (Serbia)

11.20 - 11.50

Poster Session & Coffee Break

11.50 - 12.35

Meet the experts

Aleksandra Kendereški:
Calcium Metabolism Disorders

Svetlana Vujović:
Premature Ovarian Failure (POF)

12.35 - 14.00	Break	12.45 – 13.45 Satellite Symposium Pharma Swiss 13.45 - 14.00 Lunch Break
14.00 - 14.45	Plenary lecture <i>Craniopharyngeomas - Wass J. (UK)</i> <i>Chair: V. Popović</i>	
14.50 - 16.50	Symposium 2 - Neuroendocrinology <i>Moderator: V. Popović</i>	
14.50 - 15.30	Pathogenesis of Pituitary Tumors - <i>Kovacs K. (Canada)</i>	
15.30 - 16.10	Predictive Markers of Pituitary Adenoma Behavior - <i>Scheithauer B. (USA)</i>	
16.10 - 16.50	Neurobehavioral Impact of GH Therapy in GHD Caused by Traumatic Brain Injury First Experience - <i>Pavlović D., Marić N., Jašović-Gašić M., Popović V. (Serbia)</i>	
16.50 - 17.20	Poster Session & Coffee Break	
17.20 - 18.05	Meet the experts	
	<i>Milos Žarković:</i> Chronic Fatigue Syndrome	<i>Ljiljana Todorovic Đilas:</i> Iodine and Thyroid Gland
18.15 - 19.15	Satellite Symposium Sanofi Aventis	Satellite Symposium Pfizer
20.45	Vip Cocktail on the Rivers of Belgrade	

Saturday, December 6th, 2008

08.30 - 09.15	Plenary lecture <i>Neuroendocrine Control of Energy Homeostasis - Dieguez C. (Spain)</i> <i>Chair: D. Micić</i>	
09.20 - 11.20	Symposium 1 - Obesity <i>Moderator D. Micić</i>	
09.20 - 10.00	The Impact of Cytokines in Obesity: Tales and Facts - <i>Duntas L. (Greece)</i>	
10.00 - 10.40	Steps in the Screening and Diagnosis of the Metabolic Syndrome - <i>Bala C. (Romania)</i>	
10.40 - 11.20	The Role of Abdominal Obesity - <i>Micić D. (Serbia)</i>	
11.20 - 11.50	Poster Session & Coffee Break	

11.50 - 12.35	Meet the experts	
	<i>Edita Stokić:</i> Obesity in Normal Body Weight	<i>Milica Medić Stojanoska:</i> Influence of Hyperprolactinemia on the Function of Haemostatic System
12.35 - 14.30	Break	13.05 - 14.05 Satellite Symposium Merck Serono 14.05 - 14.30 Lunch Break
14.30 - 15.15	Plenary lecture <i>Selfish Brain: Competition for Energy Resources - Peters A. (Germany)</i> <i>Chair : S.S. Damjanović</i>	
15.20 - 17.20	Symposium 2 - Bone <i>Moderator: M. Drezgic</i>	
15.20 - 15.50	The Impact of Vitamin D on Different Aspects of Health - <i>Pfeifer M. (Slovenia)</i>	
15.50 - 16.20	Steroid Induced Osteoporosis - <i>Kovačev B. (Serbia)</i>	
16.20 - 16.50	The Role of Cytokines in Osteoporosis - <i>Božić B. (Serbia)</i>	
16.50 - 17.20	Osteoporosis: From Genotype to Phenotype - <i>Drezgic M. (Serbia)</i>	
17.20 - 17.50	Poster Session & Coffee Break	
17.50 - 18.35	Meet the experts	
	<i>Ljiljana Bajović:</i> Gestational Diabetes	<i>Miroљub Jovanović:</i> Hypoglycaemic Syndrome
18.45 - 19.45	Satellite Symposium Roche	Satellite Symposium Novartis
20.45	Congress Party at Oh Cinema	

Sunday, December 7th, 2008

08.30 - 09.15	Plenary lecture <i>Metabolic Memory - Ceriello A. (UK)</i> <i>Chair: N.M. Lalić</i>	
09.20 - 11.20	Symposium 1 - Diabetes Mellitus <i>Moderator: N.M.Lalić</i>	

09.20 - 09.50	Progression From Normal Glucose Tolerance to Type 2 Diabetes: New Insights <i>Natali A. (Italy)</i>

10.20 - 10.50	The Metabolic Syndrome is Getting Nervous - <i>Romijn J.A. (Netherlands)</i>	
10.50 - 11.20	Cardiovascular Risk and Risk for Type 2 Diabetes: Merging Together - <i>Zamaklar M. (Serbia)</i>	
11.25 - 11.55	Poster Session & Coffee Break	
11.55 - 12.40	Meet the expert	
	<i>Slobodan Antić: Diabetic Nephropathy</i>	
12.40 - 14.30	Break	12.50 - 13.50 Satellite Symposium Novo Nordisk 13.50 - 14.30 Lunch Break Sponsored by Novo Nordisk
	14.30 - 16.30 <i>Symposium 2 – New Therapies in Endocrine Diseases Treatment</i> <i>Chairs: V.Popović and S.S. Damjanović</i>	
14.30 - 15.00	Molecular Variation of Sex Hormone Action and Cardiovascular Disease in Women <i>Alevizaki M. (Greece)</i>	
15.00 - 15.30	Hypopituitarism - <i>Jørgensen J. (Denmark)</i>	
15.30 - 16.00	New Therapies for Gastro-entero-pancreatic Neuroendocrine Tumors De Herder H. (Netherlands)	
16.00 - 16.30	Thyroid and Pregnancy - <i>Trbojević B. (Serbia)</i>	
16.30 - 17.15	Meet the expert	
	<i>Radivoj Kocić: Oxidative Stress and Macrovascular Complications of Diabetes</i>	
17.15 - 17.45	Poster Session & Coffee Break	
18.00	Farewell	

Satelitski simpozijumi

PETAK 5. DECEMBAR

12.45 - 13.45 **Pharma Swiss**

Forteo®: Nova kost, nova moć

Algoritam lečenja osteoporoze Prof. dr Vera Popović
Institut za endokrinologiju, dijabetes i bolesti metabolizma, KCS

PTH i koštano remodelovanje
Prof. dr Svetozar S. Damjanović

Forteo® - jedini lek koji podstiče stvaranje nove kosti
Prof. dr Jan J. Stepan, Institut za reumatologiju,
Medicinski fakultet, Univerziteta Charles, Prag, Češka
Republika

18.15 - 19.15 **Sanofi-Aventis**

Novi vodič za terapiju DM tip 2: Oralni agensi u fokusu
Prof. dr Nebojša Lalić

Insulinska terapija tipa 2 DM u skladu sa novim preporukama ADA/EASD prof. dr Dragan Micić

18.15 - 19.15 **Pfizer**

Poremećaj hormona rasta kod odrasle populacije u Srbiji i rezultati KIMS programa praćenja'

KIMS – 15 years of experience with GHD in adults
Maria Koltowska-Häggström

Procena kvaliteta života (AGHDA upitnik) kod pacijenata sa urođenim i stečenim nedostatkom hormona rasta *Mirjana Doknić*

Procena kardiovaskularnih faktora rizika kod pacijenata sa urođenim i stečenim nedostatkom hormona rasta *Sandra Đurđević*

Interaktivni deo Simpozijuma

SUBOTA 6. DECEMBAR

13.05 - 14.05 **Merck Serono**

"Štitasta zleзда i ..."

Prof. dr Dragan Micić, dopisni član SANU
moderator

Štitasta žlezda i dijabetes, Prof. dr Nebojša M. Lalić,
dopisni član SANU

Štitasta žlezda i autoimune bolesti
Prof. dr Vera Popović

Štitasta žlezda i reproduktivno zdravlje
Prof. dr Božo Trbojević

18.45 - 19.45 **Roche**

Gojaznost i osteoporoza - aktuelnost i potreba za lečenjem

Izazovi i terapijska strategija za smanjenje kardio-vaskularnog rizika u gojaznosti
Prof. dr Dragan Micić

Kost u malignoj bolesti
Prof. dr Svetozar S. Damjanović

Lecenje osteoporoze za manji rizik od preloma
Prof. dr Vera Popović

18.45 - 19.45 **Novartis**

Acromegaly: Treatment Modalities
Prof Dr J.A. Romijn, Dept of Endocrinology, Leiden University Medical Center, The Netherlands

NEDELJA 7. DECEMBAR

12.50 - 13.50 **Novo Nordisk**

Is hyperglycaemia "still" a risk factor for diabetic complications?
Prof. Antonio Ceriello, Warwick Medical School

Prandijalna kontrola glikemije na savremenoj insulinskoj terapiji: Značaj i mogući pristupi
Prof. dr Nebojša M. Lalić
